We are looking for leaders from the Indo-American community!

"THE BEST WAY TO FIND YOURSELF IS TO LOSE YOURSELF IN THE SERVICE OF OTHERS." - M.GANDHI

Indian-Americans value education, hard work, collaboration, and results; and are uniquely skilled to affect positive changes within our community. But many lack the network, or understanding of how community organizations operate and how to get involved in philanthropic work. **The DIAL Program identifies, trains, and promotes placement of Indian-Americans in leadership and policy-making positions of community organizations across Monroe County and the Finger Lakes region.**

If you are interested in opportunities to give back to the Rochester community, influencing public policies, and/or ensuring success of future generations of Indo-Americans, we want you to attend the DIAL Leadership training.

You will learn about non-profit community organization boards and committees, interact with other Indo-American community representatives, and meet prominent community

leaders. Each graduate will be provided with a mentor to guide through the placement process on community organizations.

Some of our prominent guest speakers from prior years include Roland Williams, Bob Duffy, Maggie Brooks, Joe Morelle and Fran Weisberg.

All this at no cost and a free lunch! Spaces are very limited, so apply today at www.dialrochester.org.
